

2024-25 Fall Registration Information

LPP Parents,

Thank you for choosing us as your partners in your child's first school experience. We are grateful to have been able to provide quality early learning experiences for our community during the 2023-24 school year.

Laguna Presbyterian Preschool is blessed to have dedicated and knowledgeable staff working, creating and learning to provide your children quality programming. We continue to strive for Christ-centered, developmentally sound classrooms to ensure a creative, loving, and appropriate learning experience for every child.

Fall Programs

Morning Programs

We offer 2 different school programs at LPP; Preschool and Pre-Kindergarten (PreK), also known as TK.

- The **Preschool** program is for our 2- to 4-year-old students (those who are not going on to kindergarten the following fall). This program is offered in 2-day, 3-day and 5-day formats.
- Our **PreK(TK)** program is designed for those children turning 5 by 9/1/25, who are **planning on entering kindergarten the following fall**. PreK is offered in a 5-day format. Our PreK program continues to receive accolades for our efforts from parents as well as our colleagues at LBUSD and OCDE. Our students are consistently well-prepared and successful in taking that next step in their education.
 - This year you have the option of our traditional 4-hour program, or our new full day program!

In all levels of our programming, our award-winning staff collaborates with colleagues and continues to further their knowledge through conferences and seminars to offer high quality programming to your children, bridging the gap between preschool and kindergarten.

Early Morning Drop-Off

LPP offers early morning drop-off at 8:00am for an additional fee.

Extended Day Program

Our extended day program offers extended hours to your child's day. This program is offered from 12-4:00pm daily. If you are interested in a full-day program, please contact our office for more information.

Due to student-teacher ratios, space in specific schedules is limited, please submit your registration promptly to ensure the schedule of your choice.

These 10 monthly payment formats are assumed. If you wish to pay your tuition in full or make different arrangements, please contact our office.

Promoting Early Learning

In addition to the work we do here at LPP, we also actively advocate for early learning in our community. LPP partners with the Laguna Beach Early Learning Community Task Force, Laguna Beach Unified School District, Orange County Department of Education, and Start Well. Through these programs we receive ongoing training/professional development, parent support, parent education, guidance and support for our program and the children we serve.

All of us at Laguna Presbyterian Preschool have your child's best interests at heart and strive to offer you the best program possible. We teach your children using research based best practices, individualizing experiences according to development. If you have any questions, please contact our office.

Blessings,
